

Dear Parents,

St. Patrick School and FSP are happy to announce that starting in this new school year, FSP is going to be facilitating the lunch program at St. Patrick School.

There will be several changes to the ordering process.

Coming this August 11, 2011, you will see a new order form in your Fee Day packet. Hot Lunch orders will be due by Friday, August 26, 2011.

I am pleased to announce that students will now be able to choose only the lunches that they desire. There is no longer a minimum purchase requirement. Students order only the meals they want. They only pay for the meals they will be eating. They no longer need to order a week at a time.

All students will receive a menu and an order form each month. The students name will be preprinted on the order form as well as a student ID number.

There will be two choices each day in addition to the Fresh Expectations menu (previously known as Harvest Delight), and salads. Salads will also be available five days per week. As always, milk only is also available.

Each day is individual. Milk only may be ordered one day, and a salad may be ordered another day, etc. Whatever the students desire each day is what you order and what you pay for.

Also, checks for the lunch program need to be made out to FSP for payment.

If you have any questions, please do not hesitate to call me. My phone number is 773/447-0907 should you have any questions. I will also be present at the registration day on August 11, 2011.

I look forward to serving your school and am hoping that these changes are well received as they are intended to enhance your school lunch program.

Sincerely,

Patty Ridge  
District Manager  
FSP
