

PIZZA ORDERS

We are making available again this year the option to place pizza orders monthly or bi-yearly. Some of the issues we had last year with the multiple orders were:

1. Families thought they had ordered for all months but in fact had not (some missed a month).
2. Families had not totaled their orders properly.
3. Families had not filled out a form for **each student for each month**.

We had some issues on our end as well. It is all trial and error. We are asking that if you are ordering multiple months (especially if you are ordering for more than one student), PLEASE be sure to check that you have one order for every month, for every child and that you fill out a form for each (check the dates on the forms). If you are NOT ordering a particular month because you will not be here, then please send us that form as well and mark (NOT ORDERING) on the form. We will not be able to call every family who does not send us every month.

LASTLY, please mark on your calendars what months you have placed orders, just as you mark on your calendars what weeks you order Hot Lunch and for which student.

HOT LUNCH/MILK ORDERS

We will be giving you the option of ordering milk monthly or bi-yearly as we do with the pizza orders. Unfortunately we are not able to offer the same program for hot lunch. Hot Lunch will be ordered on a monthly basis. All orders for both Pizza and Hot Lunch/Milk will be collected the last school week of each month. Collection days will be posted on our calendar.

Again, please be sure to post on your calendar what weeks you have ordered hot lunch/milk and for which student. Please be sure to fill out your forms completely. If you do not mark what flavor milk your child will like, they will receive white milk.

Remember, you have one or more children to look after; we have 600! No one's job is easy but if we work together, it will happen! Thanks for your cooperation.
