REVEAL THE QUEEN, WIN HALF THE POT!

HOW THE GAME WORKS

A Queen of Hearts Game Board will be on display where tickets are sold. The first week, 54 randomly shuffled and placed cards will appear faced down on the board. Each card is numbered on the backside, 1-54 (2 Jokers are included). The goal is to find the Queen of Hearts. Tickets are sold one week at a time with purchasers choosing a number from all of the cards left on the board. When a ticket is drawn weekly, the card on the board with the number on the ticket

will be peeled back revealing a playing card. If it's the Queen of Hearts, the game is over and the owner of that raffle ticket wins half the pot.* If it is any other card, the pot rolls over, all tickets in the bin are destroyed, new tickets are sold, and another drawing happens the following Tuesday. The process repeats, with the money prize growing, until the Queen of Hearts is revealed! *Full legal details are at www.spswadsworth.org
